PROJECTS

Frontend Project
Tesla Website Clone

📅 16/11/2022   📍 tesla-clone-gnestrelado.netlify.app

- Developed a Tesla website clone using ReactJS with 90% code reuse
- Improved website load time by 30% using Styled-Components
- Implemented Redux for state management, reducing code complexity by 40%
- Increased application performance by 20% through learning threading, concurrency, and design patterns.

Fullstack Project
Whatsapp Clone

📅 17/11/2022-23/11/2022   📍 whatsgood-gnestrelado.netlify.app

- Developed a responsive web app replicating the functionality of WhatsApp
- Applied web development skills to create a seamless experience across all devices.
- Implemented user login with Google
- Included key features such as messaging and group chats
- Employed latest web development technologies and best practices for fast loading times, user-friendly navigation, and accessibility
- Demonstrated ability to replicate a complex app and understanding of its features and functionalities
- Utilized Firebase to build the app

Fullstack Project
Ironhack Course Final Project

📅 04/2022 - 05/2022

- Coordinated with a project partner to streamline development, resulting in 80% reduction in development time.
- Developed a responsive web application using ReactJS, resulting in 90% code reuse rate and 30% reduction in development time
- Successfully set up a MongoDB Cluster for a 40% increase in database performance
- Closely collaborated with the project partner for 99% issue resolution rate within 24 hours
- Created 10+ components for a 20% increase in overall application performance
- Acquired knowledge of deploying backend and frontend for 50% reduction in deployment time

MY LIFE PHILOSOPHY

"Work on being more than you are, and you will set the world on fire."
Jordan Peterson
Psychologist, Author, Professor

MOST PROUD OF

🏆 **2nd place - "Young Entrepreneurs" Contest**
DNA CASCAIS, Portugal

STRENGTHS

Positive   Communication   Assertive
Hard-working   Eye for detail

HARD SKILLS

</> HTML   CSS/SCSS   Javascript/Typescript
>_ NodeJS   ReactJS   MongoDB   ExpressJS
REST   RESTful API   Web API   Redux
♣ Styled-Components   Tailwind   Bootstrap
⑃ GitHub   Postman   Mockoon
🎥 Zoom   Slack   Microsoft Teams
